

1746 SOCIETY
PRINCETON UNIVERSITY

This is a very important roster. It lists the names of those who have made planned gifts to Princeton, in the form of trusts and annuities or by including Princeton in their estate plans.

Gifts like these have been vital to Princeton since the first bequest in 1749. Bequests and other planned gifts have built campus landmarks, including the Graduate College, FitzRandolph Gateway, Murray-Dodge Hall, Jadwin Gymnasium and the Frick Chemical Laboratory.

Today, bequests and planned gifts are providing Princeton students with scholarships and fellowships; supporting endowed professorships; and funding dozens of campus programs.

These gifts from previous generations—planned decades, or even centuries, ago—helped to make Princeton the place it is today. The people listed below will help shape the Princeton of tomorrow.
